1963 Mnemosyne

Huntington College
Huntington, Indiana

Progress evidences itself in many ways. Huntington College has shown its progress by its recent accreditation by the North Central Accrediting Association, by its constantly expanding curriculum and by its increase in grounds and buildings.

Huntington College can, and should, be proud of its ability to produce teachers, pastors, and other leaders with a good Christian education.

May Huntington College always continue to progress with Christ as her leader.

"Classes and study should take most of your time," we were told when we arrived on campus. And, whether we like it or not, we soon found it to be true. Sometimes we had to study intensively (?) . . .

. . . but at other times we simply relaxed.

Studios . . .

. . . and laboratories soon became of great importance to those of us who were future artists, musicians and scientists.

When we desired a stimulating evening, we attended one of the departmental club meetings, a library sponsored Coffee Hour, . . .

. . . or a formal banquet (with the usual impatient waiting of the fellows for their dates).

Striving to increase our dedication to Christ were the challenging programs . . .

. . . and the Church and Sunday School services held at the church of our choice.

Receiving mail from home early
became a part of our college life, . . .

. . . and soon cheering the
Foresters on to another victory . . .

. . . and stopping by the Student
Lounge for a "bite to eat" were al-
most as important.

Intramural basketball furnished exercise and relaxation on Saturday mornings, . . .

. . . while in the evenings we re-decorated the lounge, . . .

. . . "drove" our new type automobiles through the halls, . . .

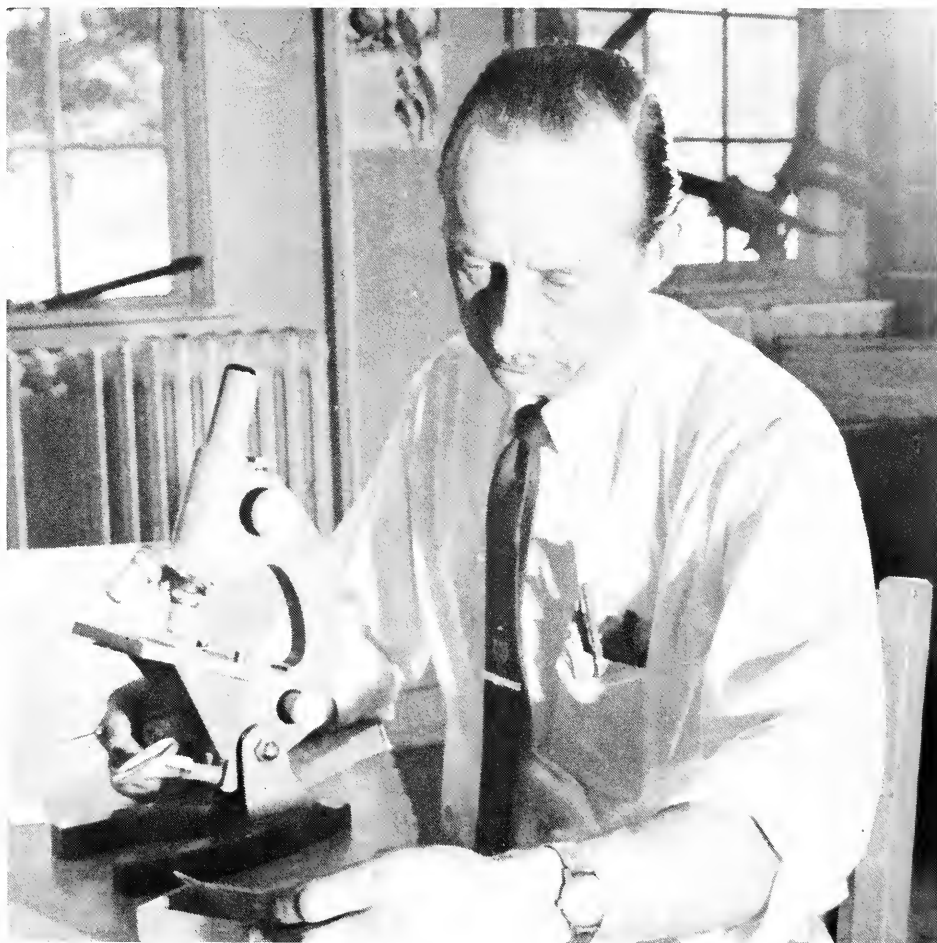

. . . or settled back to enjoy an evening of television.

Campus life is as varied as the students who make up Huntington College, each phase helping to mold and influence our lives with the hope of making us the more able leaders of tomorrow.

Dedication

Professor and head of the Biology department, Professor Douglas F. LeMaster is an example of the progressive attitude manifested by members of the Huntington College faculty. Never content to permit his students to receive or be satisfied with second best, Professor LeMaster is highly respected for his forceful, practical approach to learning.

In improving Huntington College and bringing it into the community spotlight, he has done his share. One of his outstanding achievements was his participation in the Klutone Project during the months of November and December. At this time he took charge of testing the effects of Klutone, an agent used to combat Dutch Elm Disease, on hamsters and parakeets.

Hence, in view of his many contributions, we, the **Mnemosyne** staff, dedicate the 1963 **Mnemosyne** to Douglas F. LeMaster, a man worthy of emulation.

Mr. LeMaster studies one of the many botanical specimens on the campus.

Mr. LeMaster, Robert Priddy, Mr. Hawald, and Larry Jahnsen observe some of the animals they worked with during the Klutane Project.

ADMINISTRATION

and

FACULTY

Dr. Elmer Becker, President

In the twenty-two years of Dr. Becker's presidency, the Huntington College campus has undergone significant changes. The most obvious alteration is in the number of buildings comprising the college. Another area of accomplishment is the great increase of enrollment and faculty members during his administration. Yet, the outstanding achievement of Dr. Becker's years of service is the accreditation that the college received in 1961. At this time the college qualified for membership in the North Central Association of Colleges and Secondary Schools. Hence, the college is now a recognized institution of higher learning.

Students appreciate Dr. Becker's chapel messages.

Mrs. Irene Bealer serves as secretary to Dr. Becker.

Mrs. Dorothy Heck is the Administrative Assistant to the Director of Student Relations and the Director of Counseling and Guidance.

Fall Production

Comedy rides high, and for the 1962 annual Fall Production, Robert E. McEnroe's comedy "The Silver Whistle" was chosen. This three-act play, with its setting in the atmosphere of an old folks home, contained a subdued moral tone.

"Watch it, Mr. Beebe."

The cast takes a final bow.

"Eat up!"

"What da you mean, the rope's stuck?"

The 1962 Homecoming exuded clamor, frenzy and tension. But from it all Marty Henry emerged a triumphant, "All-American" queen.

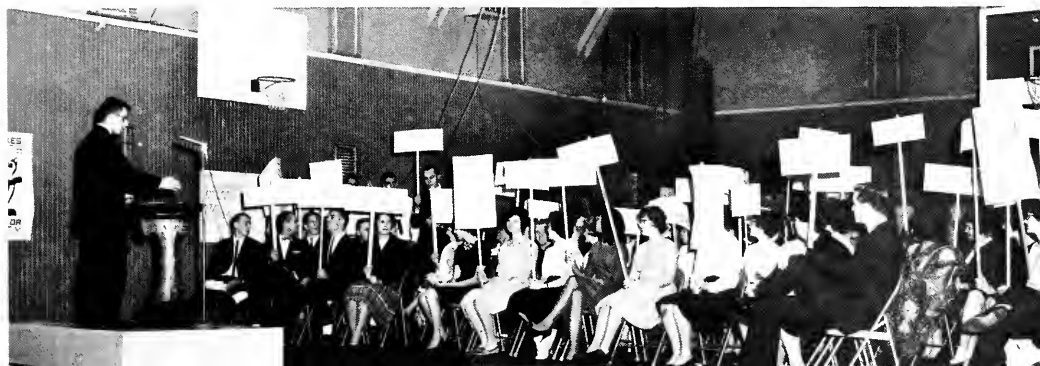

Her court was composed of Nancy Altman, Sandra Cope, and Barbara Waln. Their themes included a "hillbilly" heaven, a Western ranch atmosphere, and a typical "Gold Rush" saloon.

Adding attraction to the yearly festivities were the newly-initiated parade, a smorgasbord, and the homecoming game.

Wherever the action was thickest, you could always find Sam.

One of the outstanding players of the '62-'63 season was Sam Kreigh, short senior guard who set five records during the season. He set an all-time high of 633 points for one season at a record-breaking pace of 26.4 points per game, good enough to be the state's leading scorer. In the process, he also established a record of most field goals per season at 235.

In addition, Sammy set two records in conference play with a total of 244 points in 8 games at a sizzling 30.5 points per game.
